

ADDERBURY PARISH COUNCIL

Date of Parish Council Meeting	Tuesday 28 June 2022
Agenda Item Number	<i>Item 9 (iii)</i>
Author	Theresa Goss
Title of Report	Proposed 20mph Speed Restrictions for Adderbury
Summary	To discuss the results of the proposed 20mph speed restrictions survey, the results of the County Council's traffic speed and volume survey and approve the submission of the results to the County Council.
Recommendation	<p>That the results of County Council's speed and volume survey and the Parish Council's survey be submitted to the County Council to support the application of 20mph speed restrictions in Adderbury.</p> <p>A Working Group of four Councillors and interested residents be established to review the comments and suggestions made by the community and, using the previous Traffic Calming Report as the starting point, the report be updated using the new information which has been obtained.</p>
Reasons for the Recommendation	<p>Both of the surveys were intended to support the Parish Council's application for 20mph speed restrictions in the village.</p> <p>The Parish Council had also already stated it would re-consult with the village on the proposed closure of the 'oak tree' junction, so both matters (and others) were included as part of the Parish Council's survey.</p>
Impact on Budget	Any measures introduced and supported by the County Council (as the responsible body for highways) would have to be funded by the Parish Council.
Risks	If issues of speeding are not addressed, it could ultimately result in either pedestrian or vehicular accidents.
Background	<p>The Parish Council submitted to the County Council, an application to restriction speeds limits in Adderbury to 20mph.</p> <p>A survey was then published in Contact magazine and on-line using Survey Monkey asking for views from the community on this proposal. The Parish Council also took the opportunity to invite residents to make comments on other traffic issues in the village.</p> <p>The timetable for the County Council's traffic survey was: Survey Install: 31/03/22 Thurs Survey Start: 01/04/22 Fri Survey End: 07/04/22 Thurs Equipment Removed: 08/04/22 Fri</p>
